We bill your insurance company, auto insurance, the Dept. of Labor of Industries, or a third party. Applicable co-pays are due at the time of service. If you have a deductible or a percentage arrangement with your insurance plan, we will bill you at a later date. Applicable percentages and deductibles will be billed when the insurance company pays their portion and sends us an explanation of your portion. We contract with every major insurance company in Washington, and we will NOT bill you for the any difference between our rate and the contracted/adjusted rate as a preferred provider. The exceptions are the applicable co-pay, deductibles, percentage arrangements, and “patient portion” as outlined and explained by your insurance company.

On the Job Injuries

If your claim is allowed, we will bill for services and you pay nothing. If your claim is denied or closed, you are responsible for all the applicable charges.

Auto Injuries

We will gladly bill your auto insurance company. If the responsible party is someone else’s auto insurance company or in the case of delayed payment, we will require lien against your settlement for the delay in payment.
